

SUBJECT: PTAA-Nevada School Opening Postponement and FuturEdge Charter Opportunity

Dear PTAA-Nevada Families,

Thank you for joining us during today's important meeting regarding your student's enrollment for the upcoming school year. We are grateful for your engagement, partnership, and continued commitment to your child's education.

As shared in our webinar, due to a state-mandated enrollment deadline of June 2nd, the State of Nevada has directed us **not to open PTAA-Nevada for the 2025–2026 school year**. Despite our best efforts and advocacy to request flexibility, the state held firm in its decision, and we must comply with their directive. We understand that this news may bring questions or concerns, but please rest assured that we are here to support your family through this transition.

To ensure that your child's learning continues uninterrupted, we are pleased to offer a seamless next step.

Enrollment into FuturEdge Charter Academy (Grades 6-8)

Due to the **proximity and co-location** of PTAA-Nevada and FuturEdge Charter Academy on the same campus, and given that PTAA-Nevada will not be opening for the 2025–2026 school year, **all PTAA-Nevada students entering Grades 6 through 8** are eligible to submit a **transfer request to FuturEdge Charter Academy**. Acceptances will be granted **based on available seats and in the order requests are received**. Once the school reaches its enrollment capacity, students will be placed on a waiting list.

FuturEdge is operated by the same Charter Management Organization as PTAA-Nevada, ensuring a **seamless continuation of the academic vision, leadership, and instructional model** you expected. This opportunity provides continuity in your child's education while maintaining the same standards of excellence and innovation.
